

act4you

Got an overseas project or initiative but don't want the hassle, cost and regulation of setting up and running your own charity? Let us Act4You.

Links International provides an immediate, highly cost effective solution. We will:

- Collect your donations
- Administer Gift Aid (UK only) and pay it into your account
- Supply a quarterly account showing every penny that has come in and gone out, under your instruction
- Handle all end-of-year accounting and auditing
- Be responsible, on your behalf, for all annual reports, meetings, trustees, policies, procedures and governance leaving you free to concentrate solely on the project
- Provide, if required, a consultancy service offering expertise and advice

A small fee is charged to each account to cover our overhead expenses so no catches or surprises.

Set up a personal or church Act4You account today.
